

EZ Way, Inc.

*"Your Partner in
Safe Patient Handling"*

eZ XTRACT® LIFT

One Lift. Two Essential Uses.

Designed for both vehicle transfers and everyday transfers, the EZ Xtract offers a smarter, safer way to support mobility in any care setting.

Quickly switch from standard floor lift mode to vehicle extraction with our proprietary Xtract Sling. No tools, no hassle.

DUAL FUNCTIONALITY

- Seamlessly transitions between vehicle transfers and conventional transfers

TRUE VERTICLE LIFT

- Lifts the person directly from the car seat; no dragging or sliding required

VEHICLE-FRIENDLY BOOM REACH

- Accesses front or back seats of cars, SUVs, and most trucks

ADVANCED ELECTRONICS

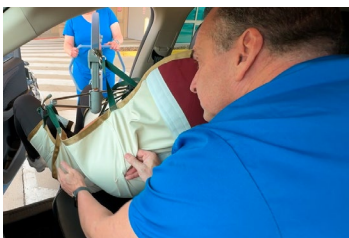

- Three control methods (hand control, secondary control panel, control box)
- Automatic shut-off after inactivity
- Over-discharge and overload protection
- Tracks lift usage time (ideal for care auditing and ROI analysis)

LCD HAND CONTROL WITH BUILT-IN DISPLAY

- Water-resistant, impact-rated display shows battery life, patient weight (if equipped), functions, and diagnostics

EZ EFFORT LIFT APPLICATIONS:

- Vehicle transfers
- Lifting and transferring persons from beds, wheelchairs, commodes, or the floor
- Weighing during transfer (integrated scale models)
- Repositioning, turning, or elevating limbs for wound care and therapy
- Safe therapy and early mobility training

Floor Lifting

Ability to lift people from the floor.
