

EZ Way, Inc.

"Your Total Patient
Lift Solution"

Lithium Battery Pack

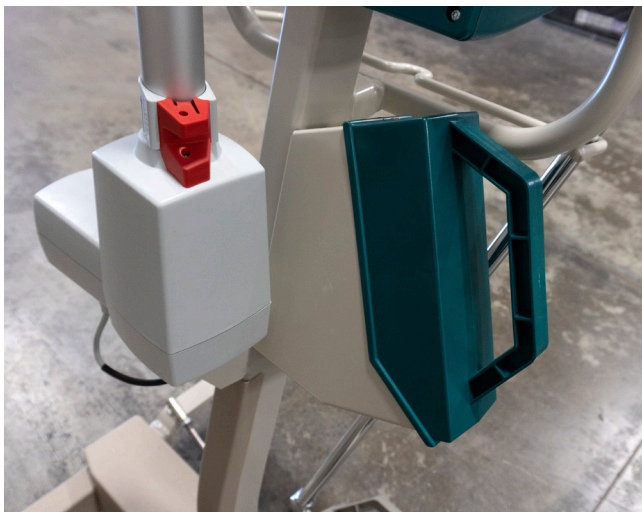

**Direct replacement for the 11871 lead acid battery.
Compatible with the Smart Lift & Smart Stand.**

14410 Lithium Battery Pack

FEATURES & BENEFITS

- **Longer life** – Our tests indicate it will have a 10 year life expectancy
- **More lifts per charge** – About 25% more lifts on one charge than lead acid
- **Lighter weight** - Over 50% lighter than the 11871 lead acid battery
- **Built in over-discharge protection** – Battery literally shuts off when it gets too low
- **Built in overload protection** – Battery will not allow a load greater than 10 amps
- **Uses the same EZ Way charger**

Longer Life

25% more lifts per charge and 10 years life expectancy versus 3 years on the regular lead acid battery.

Use your existing EZ Charger.

No need to purchase a different charger.
